GHG Reporting Protocols Against which the Verification was Conducted:

- Greenhouse Gas Protocol Corporate Accounting and Reporting Standard
- Greenhouse Gas Protocol Corporate Scope 2 Guidance
- Greenhouse Gas Protocol Corporate Value Chain (Scope 3) Guidance
- Environmental reporting guidelines: including Streamlined Energy and Carbon Reporting requirements.

GHG Verification Protocols Used to Conduct the Verification:

- ISO 14064-3: Greenhouse gases - Part 3: Specification with guidance for the validation and verification of greenhouse gas assertions

Level of Assurance and Qualifications:

- Scope 3: Limited Assurance
- Qualifications: Airport Carbon Accreditation [Approved](#) 3rd Party Verifier (Level 5)

GHG Verification Methodology:

- Review of documentary evidence produced by Luxion Group,
- Review of data and information systems and methodology for collection, aggregation, analysis and review of information and data used to determine GHG emissions;
- Audit sample data used by Luxion Group to determine GHG emissions, including sources of and application of GHG conversion factors; and
- Develop and maintain a query log to support and document clarifications and responses.

Assurance Opinion:

Based on the process and procedures conducted, there is no evidence that the GHG emissions assertion shown above:

- is not a fair representation of the GHG emissions data and information;
- Is not materially correct or would lead to misrepresentation of the data provided; and
- has not been prepared in accordance with the WRI GHG Protocol Corporate Accounting and Reporting Standards as listed above.

It is our opinion that Luxion Group has established appropriate and robust systems for the collection, aggregation, and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

Statement of Independence, Impartiality, and Competence:

Pause People Collective Limited, is an independent professional consultancy, specialising in environmental management with over 14 years' experience in providing independent assurance services. No member of the verification team has a business relationship with Luxion Group, its Directors, or Managers beyond that required for this project.
